Peter,

Very helpful information, and please pass on my regards to Bill.

Subject: Gold King #7

Wanted to let you know that the only person involved with ARSG who has been underground in the Gold King is [Citizen Name/Ex. 6]. He worked there some in the early 1980's. He is trying to track down the two managers who worked at the mine around that time to talk with them. Bill said there was lots of ventilation. A shaft goes up to the #1 level which is open.
